

Asia Pacific Virtual

Core Essentials Fast Track™

CoachU
Australia
Asia Pacific

COACH A and Coach U have joined to create **the largest professional coaching learning organization in the world**. Already recognized as the leading global authority in ICF-accredited coach training, we have exciting news to share with the Asia Pacific region.

To meet the current demand for online learning, we have adapted one of our most popular intensive programs to **100% virtual delivery**. This transition makes it possible for even more people to learn the power of coaching, and to experience **Coach U's** robust curriculum taught by the world-class faculty.

Become a Professionally Trained Coach *Fast!*

Coach U's **Core Essentials Fast Track™** (CEFT) is a **6-day live** intensive training program designed to accelerate your path to becoming a professional coach. Participants will gain a solid foundation in **coaching skills they can immediately put to use with both individuals and organizations**. In only a short time, you can be making a positive difference in the lives of others and in the culture you influence.

The CEFT offers **78 hours of training** in coaching core competencies and upon graduation of the program, participants may apply for their **ACC (Associate Certified Coach)** with the International Coaching Federation under the ACSTH pathway.

COACH U
